May 2021

EXPERIENCE

Jensi.io

Frontend Developer

Kuala Lumpur, Malaysia

Oct 2023– Present

- Contributed to the development of Jensi's flagship product using Next.js, leveraging its capabilities to build an efficient and scalable web application.
- Collaborated closely with product managers, designers, and other team members to define project requirements, establish timelines, and prioritize tasks.
- Engaged in continuous improvement initiatives, proposing and implementing enhancements to streamline development workflows and optimize product delivery.

Mir Technologies

Frontend Developer

Kuala Lumpur, Malaysia

Aug 2022– Sep 2023

- Played a pivotal role in client communications, serving as the primary point of contact for project updates, requirements gathering, and feedback collection.
- Proactively addressed client concerns and requirements, ensuring alignment between project deliverables and client expectations.
- Expanded skill set by working with React framework, contributing to the development of dynamic and interactive user interfaces for web applications.
- Managed integration with REST APIs, facilitating seamless communication between front-end and back-end systems to enable data retrieval and manipulation..

Ocean Nexus

Frontend Developer

Kuala Lumpur, Malaysia

Nov 2021– Jul 2022

- Started as a Webflow developer, quickly mastering the platform to create visually stunning websites.
- Expanded skill set to encompass front-end technologies such as HTML, CSS, and Bootstrap, enhancing my ability to craft responsive and user-friendly interfaces.
- Ventured into back-end development with Django, seamlessly integrating front-end and back-end components to deliver comprehensive web solutions.
